

WELCOME TO ABISKO

Midnight Sun Dinner at STF Aurora Sky Station

Combine some of the best experiences Abisko can offer during the summer - **hiking, magical midnight sun, chair-lift ride and a delicious three-course dinner.**

Your experience begins in a chair-lift with mountain scenery as panorama, gliding quietly and slowly towards the top of Mount Nuolja. On arriving at STF Aurora Sky Station, enjoy a three-course dinner inspired by the Nordic cuisine with fine wine, beer or non-alcoholic options to choose from. After dinner, begin a guided hike up to Mount Nuolja's summit 1,164 meters above sea level, where our guide tells you more about the midnight sun and Abisko. During a short break at the top we celebrate your performance by experiencing that the Sun never sets below the horizon. Up here you have a magnificent view of the surrounding mountains and a great lake called Torneträsk.
