

Abisko - Classic hikes with guide

Tag along on Abisko's classic hikes! We do varied hikes in and around Abisko National Park.

The guide will bring you to the paths less travelled and show you some hidden spots that you might not have found on your own. It will be a week filled with activities that starts with an introduction where the guide tells you all about the programme, followed by a delicious three-course dinner in restaurant Kungsleden. The goal for the following days will be to learn about, discover and enjoy the hidden secrets of Abisko National Park and its surrounding areas. After a big breakfast buffet and with a packed lunch we head out on the first hike. Long days outside fills us with impressions and memories, and with sore and tired muscles we round the week off with an afternoon in the wood heated sauna by lake Torneträsk and a three-course dinner in restaurant Kungsleden.

Preliminary Program
<p>Day 1: Gather at Abisko Turiststation at 5 pm for information about the week, this is also an opportunity to get answers to all questions you might have. Followed by a three-course dinner in restaurant Kungsleden at Abisko Turiststation.</p> <p>Day 2: Today we start hiking south along Abiskojåkks eastern edge. After 4 km we reach the crossing river Nissonjåkk, we turn left and follow the moraine that after a while forms the Nissonjåkk canyon. When we have reached the tree line, we locate a good spot to make lunch. The guide will make a fire and cook the lunch over the flames. On the way back we pass the hill “Paddus” where we get an amazing view of Lappporten and all the surrounding mountains.</p>

Day 3: After breakfast we pack a lunch bag and bring that with us to the chairlift that will take us to Aurora Sky Station. From there we follow a trail called “Glidaren” that will bring us down into the Kårsavagge valley. This trail offers a spectacular view of the Abisko valley and all surrounding mountains. Eventually the trail comes down into the mountain birch forest and follows the river Abiskoån back to Abisko Turiststation.

Day 4: We start this day’s adventure with a short drive to Kärkevage. Today we will hike into the spectacular valley Kärkevage, through a landscape created by the last ice age. Eventually we reach the famous Trollsjön, the clearest lake in Sweden, where you can see 37 meters into the lake, all the way to the bottom.

Day 5: Today we start with a short drive west, to the lake Paktajaure. From here we will walk the old navy road back to Abisko. This path was used during the construction of the railway between Kiruna and Narvik in the start of the 20th century. The navy road takes us through a varied landscape and from time to time it offers us an incredible view of lake Torneträsk and the Abisko valley.

After this hike we round the week off in a wood heated sauna by lake Torneträsk, the perfect cure for tired and sore muscles. If you are brave you might even go for a dip in the crystal clear but freezing cold waters of lake Torneträsk! We end the evening with a three-course dinner in restaurant Kungleden.

Day 6: After breakfast, your stay in Abisko ends, welcome back!
