

Abisko – Ice climbing (morning)

An exciting, challenging and adrenaline pumping combination. You feel at one with the ice. With ice axes and crampons as your only tools and with a professional guide by your side, you reach new heights with lakeview over Torneträsk.

First you get acquainted with the equipment and we go through the climbing technique. Then you will reach the ice wall and we start to climb. The ice wall is ideal both for curious beginners and experienced climbers. Feel the joy that grows throughout this intense activity.

This activity is scheduled both mornings and afternoons in peak season.
