ABISKO

By booking, you agree to the following terms and conditions:

- You are personally responsible for the rented equipment during the entire rental period.
- The equipment is rented in its current condition. If the equipment is damaged during the rental period, you are liable for compensation in an amount corresponding to the equipment's sales value.
- Your personal data is processed in accordance with STF's privacy policy.
- Refunds are not allowed for days that are not used. A medical certificate is required for a refund to be considered.
- Cancellation is free of charge up to three days before pick-up. If cancellation is made later than that, the first day of rental will be charged.
- Equipment must be picked up on the specified day, equipment not picked up will go to drop-in guests unless otherwise notified to the store staff.
- If the equipment is returned too late, an additional day's rent will be charged.

Rent in Abisko - Return in Nikkaluokta

An extra fee is added to send the rental equipment back to Abisko with Bussgods. The fee is paid when picking up the equipment and includes two extra rental days, insurance and shipping fee. When you rent from us, you will receive a shipping note in Abisko which you then leave in Nikkaluokta together with the equipment. If you rent skis, you will also receive a ski bag to send the skis back in, so make sure to have some extra space in your pack.

Pre-book equipment well in advance

We recommend pre-booking all equipment well in advance, preferably several weeks before the high season. If you wish to book equipment, please fill out our booking form and then email it to us at abisko.butik@stfturist.se

To ensure that the booking is correct, we only accept booking requests via email, not by phone. Bookings must be made before 08:00 the day before collection, otherwise drop-in on site applies.
